

Gloucester County Volunteer Strategic Planning

"Economic recovery is as much about what you're doing in your communities as what we're doing in Washington -- and it's going to take all of us, working together. I'm calling on all Americans to make volunteering and community service part of your daily life and the life of this nation."
President Barack Obama

Volunteerism is vitally important to Gloucester County as funding and other resources decrease. The Volunteer Center of Gloucester County, the Community Service Corps and the United Way of Gloucester County invite you to attend a community-wide meeting and participate in a strategic planning process to increase volunteerism in our communities.

Wednesday, October 7, 2009 from 9:00 to 11:00 AM
Gloucester County College
Health and Science Building Room 500

Our goals are to:

- * Build a countywide strategic plan to recruit, place, retain and recognize volunteers
- * Increase the number of volunteers providing service in Gloucester County
- * Increase the number of volunteer opportunities in Gloucester County
- * Learn the true value of volunteerism in answering the short fall of funding
- * Take advantage of a newly developed process to place true monetary value on donated volunteer time (created by the University of Pennsylvania's Wharton School of Business).

To register, e-mail or fax the reservation form to Donna Fanticola, United Way Director of Community Initiatives (donnafanticola@uwgcnj.org) or (fax 856 384 1812) by October 2, 2009.

For additional information call 856- 845- 4303 x 13
